

Join us on our mission to increase diversity, equity, and inclusion within the world of classical music. Founded in 2013, One Found Sound is a 501(c)(3) nonprofit organization dedicated to reimagining the future of classical music and the impact it can have to change our world for the better.

## OUR PROGRAMS

### EDUCATION

One Found Sound partners with community organizations and public schools to bring high quality music education opportunities to students in underserved communities. By building our curriculum directly with families and community members, our program is uniquely tailored to the needs of participants and their families.

### EMERGING COMPOSER AWARD

Each season, One Found Sound performs and records the winning submission from our annual Emerging Composer Award, which supports the performance of new music by aspiring young composers under the age of 25 who identify as Black, Indigenous, Latinx, Asian, Pacific Islander, or as a person of color.

### ANNUAL COMMISSIONING FUND

One Found Sound's \$10,000 Annual Commissioning Fund supports our yearly commission, performance, and recording of a new work by an established composer who identifies as Black, Indigenous, Latinx, Asian, Pacific Islander, or a person of color.

### PERFORMANCES

Every concert that One Found Sound produces includes a majority of music by composers who identify as Black, Indigenous, Latinx, Asian, Pacific Islander, or a person of color, highlighting our mission to expand the canon of orchestral repertoire and amplify creative voices inclusively and equitably.
